Draft Rules.

1. In these rules—

(*a*) "election" means an election held under clause (*i*) of section 6 of the Act,

(*b*) "Magistrate" means the Magistrate of the district or any Magistrate subordinate to the Magistrate of the district to whom he may delegate any of his powers under these rules,

(*c*) "teacher" means a teacher, male or female, of any primary school as defined in clause (*15*) of section 2 of the Act, and

(*d*) "the Act" means the Bengal (Rural) Primary Education Act, 1930.

2. All disputes arising under these rules shall be decided by the Magistrate and his decision shall be final.

3. An election under these rules shall be held by such date as may be fixed in this behalf by the Provincial Government under section 7 of the Act.

4. All existing permanent teachers of primary schools—managed or recognised by the Board—including teachers of primary sections attached to higher institutions who have completed continuous service of at least three years are eligible to vote for election of a teacher of primary school.

5. All teachers of primary schools having qualifications referred to in rule 4 shall be entitled to have their names included in the register of voters for an election. A register of such voters shall be prepared by the Magistrate at least five months before the date fixed under seticon 7 of the Act for election. The register shall contain the following particulars:—

(*a*) Names of the teachers.

(*b*) The names of the schools to which they belong.

(*c*) Postal addresses of the schools.

(*d*) Postal addresses of the teachers included in the list.

6. The register shall then be published in the district, subdivision, thana offices and at the office of every Union Board, Union Committee or President *Panchayet* and at every primary school. Any teacher whose name does not appear in the register and who claims the right of voting or any teacher who considers that any name in the register ought to be removed, may, within three weeks of the publication of the register apply in writing to the Magistrate stating the grounds of his application for the insertion of his name in, or the removal of such name from, the register, as the case may be, and the Magistrate shall decide such application on a date to be previously intimated to the teachers concerned and his decision shall be final and he shall cause the register to be amended in accordance therewith. The register of voters so amended shall be deemed to be the final register of voters for the election and no teacher whose name is not for the time being included in such register shall be entitled to vote at the election. The final register of voters shall be published at least twelve weeks before the date fixed under section 7 of the Act for the election

7. Any teacher whose name is included in the final register of voters shall be qualified to stand as a candidate for the election.

8. The Magistrate shall, as soon as the final register of voters is published, issue notices calling for nomination of candidates. Such notices shall be published in the district, subdivision, and thana offices and at the office of every Union Board, Union Committee or President *Panchayet* and at every primary school. Within four weeks from the date of publication of the notices every teacher who is a candidate for election shall send his name to the Magistrate together with the necessary particulars filled up in the nomination form given in Appendix A to these rules. His nomination must be supported by three voters whose names appear on the dates on which they sign the forms in the register of voters prepared for the district. No names of candidates shall be received after the expiration of the said four weeks and no nomination shall be held to be valid unless the nomination form is properly filled in.

9. Every candidate shall submit with his nomination form a chalan showing that he has deposited a sum of Rs. 10 in a Government treasury in

favour of the Board. No nomination form which is not accompanied by such a chalan shall be taken into consideration by the Magistrate.

10. The Magistrate, after scrutiny of the nominations, shall announce the names of the eligible candidates and a list of such candidates shall be published at least six weeks before the date by which the election is to be held in the district, subdivision and thana offices and at the office of every Union Board, Union Committee or President *Panchayet* and at every primary school. No candidate whose name does not appear in such list shall be considered eligible for election.

If the number of candidates mentioned in the list published under this rule is not greater than one, the Magistrate shall declare the candidate to be duly elected

11. A candidate who is not elected and has failed to receive ten *per cent.* of the total number of votes recorded in the district shall forfeit the deposit made by him under rule 9:

Provided that in case a candidate is declared ineligible he shall get refund of his deposit money.

12. If the number of such candidates is greater than one, election shall be held by the date referred to in rule 3.

13. (*1*) The Magistrate shall immediately fix for such election—

(*a*) a date at least three weeks before the date fixed for election on or before which the Magistrate shall send to the Head Teacher or the Headmaster of each school, as the case may be—

(*i*) the relevant extracts from the final list of voters,

(*ii*) voting papers as indicated in Appendix B to these rules each containing the name of the voter and his number on the register of voters and the names of candidates,

(*iii*) as many small envelopes as there are voting papers each bearing the counterfoil number of the voting paper in respect of which such envelope is sent, and

(*iv*) a large envelope duly stamped and addressed to the Magistrate,

(*b*) a further date before 5 p.m. of which the covers containing ballot papers with the votes recorded on such papers sent by the Headmaster or Head Teacher of each school under rule 15 shall reach the Magistrate.

(*2*) The Magistrate shall also appoint a date, time and place for the counting of votes and shall give notice thereof in writing to the candidates so that the candidates or their authorised agents may attend the proceeding.

(*3*) The date so fixed shall be published as widely as possible throughout the district.

14. The Headmaster or Head Teacher, as the case may be, on receipt of the documents mentioned in rule 13, shall give the voting papers, and the corresponding small envelopes to the teacher voters of his school. A voter, on receipt of his voting paper, if he desires to vote in the election, shall record his vote thereon, sign the declaration on its back and obtain the attestation of his signature and declaration but not of his vote, by the Headmaster or Head Teacher as the case may be. The voter shall then place the voting paper in the small envelope, close the envelope and make it over to the Headmaster or the Head Teacher as the case may be. All the closed small envelopes thus tendered shall be placed inside the large stamped envelope by the Headmaster or Head Teacher and sent by him to the Magistrate within the date and time fixed by the latter in accordance with rule 13. Any cover which is not received by the Magistrate within the specified date and time shall be rejected.

15. The Magistrate shall, on the day and at the time and place appointed under rule 13 scrutinise all the ballot papers sent by post under rule 14 and shall separate the ballot papers which he deems valid from those which he rejects endorsing on the latter the word "rejected" and the ground of rejection. He shall then count the votes given to each candidate and shall record a note in his own hand stating which of the candidates has received the largest number of valid votes and declare such candidate to be duly elected.

If the Magistrate for some unavoidable cause fails to proceed with the scrutiny on the appointed date, he shall adjourn the proceeding to another date and the candidates or their agents shall be informed of such date.

16. In the case of an equal number of votes being recorded in favour of two or more candidates, selection shall be made from such candidates by lot in such manner as the Magistrate shall deem fit and thereupon the candidate thus selected shall be declared to be duly elected.

17. The name of the elected candidate shall be forwarded by the District Magistrate to the Provincial Government for publication in the *Official Gazette*.

18. No election shall be invalidated on account of any irregularity whatever unless it appears that the irregularity was such as materially to affect the results of the election.

19. All costs incurred for the preparation of the register of voters, the publication of notices, sending and returning of voting papers or other connected papers or taking any other necessary action under these rules shall be payable from the District Primary Education Fund.

20. In the case of a casual vacancy occurring under section 12 of the Act on account of removal, resignation or death of the elected member the vacancy shall be filled by election in the manner provided in these rules, but no register of voters shall be prepared or published under rule 5 or under rule 6 and the register of voters used at the election of the member whose place is proposed to be filled by the bye-election shall be treated as the register for such bye-election and the Magistrate shall, as soon as may be after the date referred to in section 7 of the Act, has been fixed by the Provincial Government, issue the notices referred to in rule 8.

RESOLUTION—No. 2010M.

Calcutta, the 13th August 1945.

The affairs of the Sonamukhi Municipality in the district of Bankura have been engaging the attention of Government for sometime past. In the course of his inspection of the Municipality held on the 24th June 1944, the District Magistrate, Bankura, noticed that there was no improvement in collection since his last inspection which was made about a year previously and, in fact, the outstanding arrears had increased. No sufficient attempt was made by the Municipal Commissioners to collect the rates both current and arrear; and, inspite of huge outstandings, distress warrants were issued in only 57 cases in 1943-44, and in only 3 more cases up to the date of inspection in 1944-45. The total amount covered by those warrants was Rs. 240-9-3 against the arrears of Rs. 7,001-8-3 on the 1st April 1944. The total outstanding liability of the Municipality which was Rs. 1,822-12-6 in July 1943 increased to Rs. 3,346-9 on the 31st March 1944. The Municipal grants to the primary schools and to the charitable dispensary were heavily in arrears, and even the employees' contribution to the Provident Fund was appropriated and diverted to the general fund. The Municipal Fund was hardly sufficient to maintain its own establishment.

2. In consideration of the position stated above the Commissioners of the Sonamukhi Municipality were asked by the Commissioner, Burdwan Division, to explain why the municipality should not be superseded.

3. From subsequent report received from the local officers, it appeared that the warning of the Divisional Commissioner had little effect. The financial condition of the Municipality, far from improving, showed even further deterioration. The remissions in the past 4 years were at the rate of 11 per cent., 9 per cent., 48 per cent. and 21 per cent. and, even after such remission, the arrears were almost equal to the current demand. In those years the percentages of total collection on current demand were 58 per cent., 56 per cent., 72 per cent. and 60 per cent. The outstanding liability of the Municipality was still very heavy, and there was no improvement regarding grants to the charitable dispensary and to the primary schools.

4. In the circumstances stated above Government was disposed to agree that the Commissioners of the Sonamukhi Municipality should be superseded under section 553 of the Bengal Municipal Act, but before issuing a final order to that effect, the Commissioners of the Municipality were called upon in Government memorandum No. 401M., dated the 13th February 1945, to show cause within a period of 3 months from the date of receipt of that order why action under section 553 should not be taken.

5. The Municipal Commissioners considered the matter at their meeting held on 22nd May 1945 and have submitted a report to the effect that though the year 1944-45 was one of distress and hardship, every possible attempt was made to improve collection and, as a result, the percentage of *total* collection on *current* demand was 82.9 per cent. against 60 per cent. of the preceding year. No fresh liability was incurred, but due to high prices and payment of dearness allowanes to the employees, etc., payments towards old liabilities could not be made promptly and adequately. The entire amount on account of the

Provident Fund of the employees *for the year 1944-45* was deposited. The Municipal Commissioners have asked for a year's time to effect an improvement.

6. The District Magistrate, Bankura, inspected the Municipality again on 19th May 1945 and found as follows:—

(1) Out of the total demand of Rs. 14,597 (Rs. 7,595 current demand plus Rs. 7,002 arrear) for 1944-45, a sum of Rs. 6,300 only was collected during the year leaving an outstanding balance of Rs. 8,297. The realisation on the current demand was Rs. 3,796 and that on arrear demand Rs. 2,504. The arrear outstanding thus still exceeds the demand of the current year.

(2) The grant for primary schools is in arrear by Rs. 902 and that for the dispensary by Rs. 380. The Medical Officer has not been paid for several months and, as a result, he has resigned. The municipality owes Rs. 925. Towards Provident Fund of the employees, the municipality has still a liability of Rs. 1,777. Apart from these, there was an unpaid liability of Rs. 2,389 on 1st April 1945. Against all these liabilities, the treasury balance on 31st March 1945 was Rs. 426 only.

7. In view of the facts stated above and after careful consideration of the whole matter, Government has come to the conclusion that the Commissioners of the Sonamukhi Municipality have proved incompetent to perform, and have persistently made default in the performance of, duties imposed on them by and under the Bengal Municipal Act, 1932. In exercise of the power conferred by section 553 of the said Act, Government is accordingly pleased to declare the Commissioners of the Sonamukhi Municipality to be incompetent and in default, and to supersede the said Commissioners for a period of two years with effect from the date of publication of this resolution in the *Calcutta Gazette*.

8. *Ordered* that this resolution be published in the *Calcutta Gazette*.

By order of the Governor,
J. L. LLEWELLYN, Secy.

RESOLUTION—No. 2339P.H.

Calcutta the 13th August 1945.

The nutrition surveys carried out by the Nutrition Section of the office of the Director of Public Health, Bengal, reveal that the institution of effective measures to improve the nutrition state of the population of the Province is of prime importance. The problem of malnutrition is, however, one which cannot be tackled by any one department of Government alone as the measures which require to be adopted concern several departments. Government is advised that as a short term policy the main measures which would be likely to give quick results are as follows:—

(1) provision of fresh milk or processed milk as a special article of diet especially of infants, school children, expectant and nursing mothers. This involves the question of availability within the Province, the control of available supplies and their diversion to the above sections of the population, the increase of provincial resources (*e.g.*, prohibition of manufacture of chhana, ice-cream, etc.), the procurement of concentrated milk from other countries and their distribution, etc.,

The revision of the electoral rolls for all the constituencies of the Bengal Legislative Assembly and the Bengal Legislative Council is now nearing completion. For Calcutta constituencies and the Trade Union constituencies of the Bengal Legislative Assembly and the Calcutta (General), Calcutta and Suburbs (Muhammadan) and European constituencies of the Bengal Legislative Council the date of draft publication will be announced later. In all other constituencies, both of the Bengal Legislative Assembly and the Bengal Legislative Council draft publication will be made on 1st September 1945, with the following exceptions:—

Districts—Midnapore, Hooghly, Rajshahi, Bakarganj, Howrah—Date of draft publication, 7th September. (All rolls of Bengal Legislative Assembly and Bengal Legislative Council.)

Divisions—Burdwan, Rajshahi, Dacca—Date of draft publication, 7th September. (Those rolls only of which the Commissioner is the Registering Authority.)

Member, Board of Revenue, Bengal—Date of draft publication, 7th September. (All constituencies of the Bengal Legislative Assembly for which Member, Board of Revenue, Bengal, is the Registering Authority.)

2. Every effort has been made to make the rolls as complete and as accurate as possible, but persons who consider themselves qualified to vote are advised to inspect the rolls, when they are published, to see if their names are included. If their names are not included, or if they consider that there is any inaccuracy in the entries, they may make claims to have their names included, or may submit objections to entries which they consider to be inaccurate or wrong.

3. In the case of the Bengal Legislative Assembly a complete copy of the draft rolls for the constituencies will be published at the offices of the Registering Authority and the Returning Officer.

In urban areas, the rolls for General, Muhammadan, Indian Christian and Women's constituencies will be published at the office of the municipality or cantonment concerned and also at convenient places within wards. In rural areas relevant portions of these rolls will be published at the offices of the chaukidari union and union board, at police-stations, sub-registry offices, subdivisional offices, Munsif's or District Judges' courts and at district offices.

4. In the case of the Bengal Legislative Council a complete copy of the draft rolls for all the constituencies will be published at the offices of the Registering Authority and the Returning Officer. So much of the rolls as relates to each district and subdivision will be published at the district and subdivisional offices respectively, but if the roll relates to the Sadar subdivision of a district it will be published at the district office of such district. So much of the roll as relates to Calcutta will be published at the office of the Chief Executive Officer, Calcutta Corporation, and the portion of the roll relating to each ward at a convenient place within the ward.

5. Claims and objections must be submitted in prescribed forms and in the manner provided in the rules, and are to be addressed to the Revising Authority. The claims may be signed by the claimants or by authorised agents or by firms, corporations or Hindu joint families in the case of the Commerce and Industry constituencies. No person can prefer an objection unless his name is already on the roll. The claims and objections may be presented either to the Revising Authority or to the Registering Authority or to the District or Subdivisional Magistrate of the district or subdivision to which the claimant or objector belongs, or they may be sent by post to the Revising Authority. In the case of Labour and of Commerce and Industry constituencies claims and objections are to be addressed and presented or sent by post to the Revising Authority. The names of Revising Authorities and Registering Authorities are given in the notices with which the rolls are published.

6. The claims and objections are to be submitted within a period of twenty-one days from the date of draft publication. Under the rules, applications received after the respective dates will be rejected.

7. The forms on which claims and objections may be made will be obtainable free of charge from the offices of Registering Authorities, Commissioners of Divisions, District Officers and Subdivisional Officers concerned. Statement.

The object of the Bengal Destitute Persons (Repatriation and Relief) Act, 1945 is the same as the object of the Bengal Destitute Persons (Repatriation and Relief) Bill, 1944 which, having been introduced in the Bengal Legislative Council, was passed by both Chambers of the Provincial Legislature. The Bill could not however receive the assent of the Governor owing to the intervention of the Proclamation, issued by the Governor under section 93 of the Government of India Act, 1935. The reasons which necessitated the introduction of the said Bill in the Bengal Legislative Council were explained in the Statement of Objects and Reasons accompanying the Bill as so introduced. The issue of the Proclamation has not affected those reasons.

The operative provisions of the Bengal Destitute Persons (Repatriation and Relief) Act, 1945 are almost identical in form and substance with the parallel provisions of the Bengal Destitute Persons (Repatriation and Relief) Bill, 1944 as passed by the Provincial Legislature.

By order of the Governor,

G. M. RATCLIFF,

Secy. to the Govt. of Bengal.

(*2*) The Board may recover all expenses incurred by the District Health Officer in carrying out the measure under regulation 4 from the person or persons to whom the notice was originally issued.

6. The Board shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

8. (1) If information has not already been given under regulation 7, the medical practitioner called in to attend upon any case of cholera shall forthwith give notice of the case by special messenger to the nearest Sanitary Inspector or rural medical officer and by post to the District Health Officer and the cost of such messenger in each case shall be defrayed by the Board.

7. *Awards of special allowances in certain cases.*—(1) Where a seaman suffers disablement which is directly attributable to a qualifying injury or to detention and it has not been determined whether an award in respect of that disablement is to be made under clause 6 or what the amount of that award should be, there may be awarded to him under this clause in respect of that disablement a special allowance in accordance with the following provisions of this clause.

8. *Awards of wives' allowances in certain cases.*—(1) Where the conditions laid down in sub-clauses (1) and (2) of clause 7 are fulfilled in the case of a seaman who has a wife, there may be awarded under this clause in respect of the disablement of the seaman a wife's allowance in accordance with the following provisions of this clause.

(3) A wife's allowance may be paid to the wife of a seaman or may, where there is more than one wife of the seaman, be paid to such one of them or divided between them in such shares as the Central Government may think fit, or may, in any case where the Central Government so directs, be paid to the seaman.

(4) A wife's allowance shall not, unless the Central Government in the circumstances of any particular case otherwise determines, be paid after the expiration of the period of twelve months from the date of the qualifying injury or of the end of the detention to which the disablement of the seaman is directly attributable.

(2) A dependant's pension shall be at such rate as the Central Government may from time to time determine having regard to the number of eligible dependants, their relationship to the seaman, the extent of their need and the other circumstances of the case:

Provided also that in any case where a child's allowance is being paid under this Scheme in respect of the death of the seaman at the rate appropriate in a case where the child's mother is dead and the child is neither living with nor under the control of a widow of the seaman, the maximum rate of dependant's pension shall not exceed the rate which is arrived at by deducting the rate of that child's allowance or where there is more than one such child's allowance, the aggregate rate of those children's allowances, from the aggregate rate which would have been awarded under this Scheme by way of widow's pension and child's allowance or children's allowances if there had been a widow of the seaman and the child or children had been living with her or under her control.

(3) A dependant's pension may be paid to the eligible dependant or, where there are two or more such dependants, may be paid to any one of them or divided between any two or more of them in such shares as the Central Government may think fit.

Provided that, where the Central Government in the exceptional circumstances of any particular case so directs, an award in respect of the death of a seaman may, notwithstanding the provisions of sub-clause (b) of this clause, be made if—

15. *Provision as to certain allowances where wages are paid.*—An allowance under clause 7 or under clause 8 or under clause 13 of this Scheme

16. *Provision as to negligence or misconduct.*—Where a qualifying injury or detention, or where disablement or death arising from a qualifying injury or detention, is attributable to the serious negligence or misconduct of the seaman sustaining the qualifying injury or suffering the detention, the Central Government may withhold or cancel any award which may be or has been made under this Scheme in respect of the disablement, death or detention of the seaman or may reduce the amount thereof.

17. *Determination of medical question.*—Where, in connection with an application for an award under this Scheme any medical question arises, that question shall not be determined except upon the certificate of a Civil Surgeon or a medical officer of the status of Civil Surgeon or a medical board appointed or recognised by the Central Government for the purpose.

18. *Provision as to making and payment of awards.*—(1) Notwithstanding anything contained in this Scheme, awards under the Scheme may be made provisionally or upon any other basis and of such amount and, in the case of awards of allowances or pensions, for such period and at such rate as the Central Government may think fit, so, however, that no award shall be made of an amount or for a period or at a rate exceeding the amount, period or rate authorised by this Scheme in the case of that award.

19. *Administration of awards.*—(1) Any gratuity, allowance or pension which may be paid to a person may, in lieu of being paid to that person, be applied for his benefit if the Central Government considers that it is in the interests of that person that it should be so applied.

(2) Any gratuity, allowance or pension which may be applied for the benefit of any person may be so applied by the Central Government or may be paid by it for the purpose of being so applied to any other person whom it considers to be a fit and proper person so to apply that gratuity, pension or allowance.

20. *Provision as to conditions on which awards are made.*—Any award under this Scheme of a pension or allowance which may only be awarded if a condition is fulfilled shall cease to have effect if and when that condition is found not to be fulfilled.

21. *Review of awards.*—(1) Notwithstanding anything contained in this Scheme, the Central Government may at any time review an award of an allowance or a pension under this Scheme and, if there has been any mistake of fact, or any change in the condition or circumstances of the person to or for the benefit of whom payment under the award is being made, or if that person is in the opinion of the Central Government unworthy to receive a payment out of Crown Revenues or is being supported in whole or in part out of Crown Revenues, or if there is any other reason whatsoever which in the opinion of the Central Government is a good and sufficient reason for so doing, the Central Government may cancel or suspend the award or reduce the rate thereof.

(2) The Central Government may, upon such terms and as from such date (including any past date) as it thinks fit, restore in whole or in part any award which has been cancelled or suspended under sub-clause (1) of this clause and amend the rate of any award which has been reduced under that sub-clause.

They are also advised to file claims and objections early and not wait till the last few days or day.

In the case of Calcutta constituencies of the Bengal Legislative Assembly a complete copy of the draft rolls will be published in the offices of the Registering Authority (Chief Executive Officer, Calcutta Corporation) and the Returning Officer (Chief Presidency Magistrate, Calcutta) and also the portion of the roll relating to each ward at a convenient place within the ward. person can prefer an objection unless his name is already on the roll. The claims and objections may be presented either to the Revising Authority or to the Registering Authority or they may be sent by post to the Revising Authority. The names of Revising Authorities and Registering Authorities are given in the notices with which the rolls are published.

1. (*a*) "Hawker" means any person who, either moving about or sitting or standing in or on any street or place exposes or hawks about for sale any prepared or manufactured article of food or drink, or any skinned or cut fruit or any drug either himself or by any other person carrying, or pushing a wheeled repository containing such food, drink, fruit or drug.

(*b*) "Standard receptacle" means a box, basket or other receptacle or vessel which prevents as far as practicable the risk of contamination from dust, ashes, rubbish, spiders, flies or other insects, or anything likely to affect health injuriously and which conforms to the standard prescribed by the Health Officer for the purpose.

5. DEPARTMENT OF AGRICULTURE, BENGAL

Calcutta, the 24th May 1945.

Final Forecast of Wheat Crop of Bengal, 1944-45.

(*Note*.—On an average of the five years ending 1942-43, the area under wheat in Bengal, has represented some 0·5 per cent. of the total area under wheat in India. The ratio of irrigated wheat acreage to total wheat acreage (*a*) in British India and (*b*) in Bengal, has, in the five years ending 1942-43, averaged (*a*) 47·9 and (*b*) 7·2 per cent. respectively.)

Character of the season.—Since the submission of the third forecast, the weather condition and its effect on the crop have been fair. Some damage was caused to the crop at places mainly due to drought and also due to fungus diseases and hailstorm in certain districts.

Acreage.—According to the estimates of the District Officers, the total area sown this year is 168,400 acres as against 192,200 acres last year. The decrease in area is mainly due to want of moisture in the soil at the time of sowing. There was practically no rainfall from the latter part of October to the end of December. This adversely affected the progress of sowing and growth of the crop.

Outturn.—The provincial outturn, on the basis of the District Officers' estimates, works out to 71 per cent. of the normal as against 80 per cent. last year.

Taking the normal yield to be 9 maunds per acre the gross yield of the crop for the province is estimated at 39,500 tons this year as against 50,800 tons last year.

N. M. KHAN,
Director of Agriculture, Bengal.

Supersession of the Jhawdia Union Board in police-station Kushtia in the district of Nadia, under section 56(1)(b) of the Bengal Village Self-Government Act, 1919.

No. 1143L.S.-G.—12th September 1945.—Whereas I am of opinion, after considering the views of the District Magistrate and the district board, that the Jhawdia Union Board persistently makes default in the performance of the duties imposed upon it under the Bengal Village Self-Government Act, 1919, namely, by:—

(*b*) failing to credit realised choukidari fines to the Treasury,

(*c*) deliberately omitting to pay the clerk of the Union Board for 1349 B.S.,

and further that the Board is not competent to perform its duties through the irresponsibility and lack of interest shown by its members:

Now, therefore, in exercise of my powers under section 56(*1*)(*b*) of the Bengal Village Self-Government Act, 1919, with the approval of the Provincial Government, I supersede the Jhawdia Union Board for a period of six months, with effect from 21st September 1945.

(*1*) The actual cost incurred by a local authority in executing an approved scheme shall be borne by the owners of the land and other immovable property in the slum area in respect of which the said scheme has been prepared and shall be realised from such owners by such local authority in the manner provided in this section.

(*2*) The estimated cost of the approved scheme shall be apportioned between such owners by the local authority by which the scheme has been prepared in the manner determined by such local authority and the apportionment so made shall be final and shall not be enquired into or varied in any Court.

(*3*) As soon as may be after the apportionment referred to in sub-section (*2*) has been made by the local authority, such local authority shall cause to be published in the *Official Gazette* a list of all such owners together with the amount of the cost payable by each such owner as determined in such apportionment by the said local authority and thereafter the amounts specified in the said list as payable by each owner shall be paid by such owner to the local authority within one month of the date of publication of the said list.

(*4*) The amount payable by the owners to the local authority under sub-section (*3*) in respect of any slum area shall, subject to the prior payment of the land-revenue, if any, due to the Provincial Government in respect of the land in such area, be a first charge on the land and other immovable property in such area.

(*5*) If the amount payable by any owner to the local authority under sub-section (*3*) is not paid within the time specified in that sub-section, such amount shall be recoverable from any or all of the said owners either as a public demand or by the attachment and collection in the prescribed manner of all rents and arrears of rents which any tenant on such land or in such immovable property is liable to pay to such owner or owners.

(*6*) If the amount payable by any owner to any local authority under sub-section (*3*) is realised in whole or in part from any other person under sub-section (*5*) such person shall be entitled to recover from the said owner the amount so paid by him.

(*7*) If the actual cost of executing an approved scheme exceeds the estimated cost of such scheme, the amount by which such actual cost exceeds such estimated cost shall be apportioned between the owners referred to in sub-section (*1*) in the manner provided in this section for the apportionment of such estimated cost and the provisions of sub-sections (*2*) to (*6*) shall apply to the apportionment of such amount and to the payment and recovery of the amount payable by any owner or owners under such apportionment.

(*8*) If the actual cost of executing an approved scheme is less than the estimated cost of such scheme, the amount determined as recoverable from any owner under the apportionment made under sub-section (*2*) shall be reduced in the proportion which such actual cost bears to such estimated cost, and, if more than such reduced amount has already been realised from such owner, he shall be entitled to a refund in the manner prescribed of the excess amount so recovered.

Special provision for payment of cost of approved schemes when owners are unable to pay the entire cost.

7. (*1*) Notwithstanding anything in section 6, if in the case of any particular approved scheme the local authority concerned is of opinion that the owners of the land and other immovable property in the slum area in respect of which the approved scheme has been prepared are unable to bear the entire amount of the actual cost of the scheme, the local authority may, with the previous sanction in writing of the Provincial Government, fix an amount not being less than fifty *per centum* of the estimated cost of the

scheme as the portion of the actual cost of such scheme which shall be borne by such owners and such amount shall thereupon be apportioned between such owners in the manner provided in section 6 for the apportionment of the estimated cost and the provisions of sub-sections *(2)* to *(6)* of that section shall apply to the apportionment of such amount and to the payment and recovery of the amount payable by any owner or owners under such apportionment.

(2) The amount by which the actual cost of executing the approved scheme exceeds the amount fixed under sub-section *(1)* as payable by such owners shall be payable in equal shares by the Provincial Government out of the revenues of the Province and the local authority out of the local fund of such authority.

(3) If the actual cost of executing the approved scheme is less than the amount fixed under sub-section *(1)* as payable by the said owners the amount determined as recoverable from any such owner under the apportionment made in accordance with the provisions of sub-section *(1)* shall be reduced in the proportion which such actual cost bears to the amount so fixed and if more than such reduced amount has already been realised from such owner he shall be entitled to a refund in the manner prescribed of the excess amount so recovered.

Provision as to amount remaining unrealised after 12 years.

8. *(1)* After the expiry of twelve years from the date of completion of any approved scheme, the local authority which executed such scheme shall submit a statement of its accounts in respect of such scheme showing the amount due and remaining unrealised from the owners of the land and other immovable property in the slum area in which such scheme was executed, and the Provincial Government may, after such enquiry, if any, as it may deem necessary, pay to the local authority out of the revenues of the Province half the amount so remaining unrealised.

(2) All amounts shown in the statement submitted by the local authority under sub-section *(1)* as remaining unrealised after the expiry of the twelve years referred to in that sub-section shall be written off as irrecoverable and no action for their realisation shall thereafter be taken.

Payments into and out of the local fund of a local authority under this Act.

9. All charges and expenses incurred by a local authority in executing any approved scheme or in executing any repairs or works referred to in sub-section *(4)* of section 15, shall, notwithstanding anything in any law applicable to such local authority, be paid out of the local fund of such authority and all amounts realised under sections 6, 7 or section 15 from the owners or tenants of any land or other immovable property in a slum area and any contribution in respect of the cost of such scheme payable under this Act by the Provincial Government shall be paid into such local fund and the Provincial Government may by notification make such adaptations or modifications of the provisions of any Act applicable to such local authority as it may consider necessary for the purpose of enabling such payments into and out of such local fund to be lawfully made.

Demolition and removal of huts or other buildings and removal of materials thereof.

10. *(1)* If in executing any improvements in a slum area under an approved scheme any hut or other building or part thereof in such area is required to be pulled down or removed, the local authority shall, by notice in writing served in the prescribed manner, require every occupier of such hut or building or part thereof to vacate the hut, building or part thereof within a period not being less than fifteen days to be specified in such notice.

(2) Notwithstanding anything contained in any law for the time being in force, or in any contract, every occupier of a hut or other building or portion thereof on whom a notice issued under sub-section *(1)* is served, shall comply with such notice within the period specified therein.

(3) If the occupier of any hut or other building or part thereof fails to comply with the notice issued under sub-section *(1)* within the period specified therein, the local authority may apply to a Magistrate for the eviction of all persons who so fail to vacate such hut or other building or part thereof in pursuance of such notice and, thereupon, the Magistrate, after making such enquiries, if any, as he thinks fit, may evict such persons and may take such steps or cause such steps to be taken as he considers necessary for this purpose.

The Bengal Slum Improvement Bill, 1945.

(Clauses 11—13.)

(*4*) The owner of any hut or other building or part thereof which is pulled down or caused to be removed in executing any improvements in a slum area under an approved scheme may take away the materials of the hut or building or part thereof so pulled down or caused to be removed; but if such owner fails or neglects to take them away, or if the owner is unknown, or if the title to the hut or such building is disputed, such materials shall be sold in auction and the proceeds of such sale shall, after deducting therefrom the cost of holding such sale, be held in deposit by the local authority until any person obtains an order from a competent Court for the payment of such amount to him.

Compensation for demolition or removal of huts or other infringements on rights in immovable property.

11. (*1*) When in executing any improvement in a slum area under an approved scheme,—

(*a*) a hut or other building or part thereof is pulled down or is caused to be removed; or

(*b*) any other action of the nature described in sub-section (*2*) of section 299 of the Government of India Act, 1935, has been taken, [26 Geo V., c. 2.]

the owner of such hut or other building or any other person who suffers any loss or damage shall, subject to rules made under this Act, be paid such compensation as the officer authorised in this behalf by the Provincial Government determines in the manner prescribed and the decision of the officer so authorised determining the amount of any compensation shall be final:

Provided that any compensation so determined in respect of the demolition or partial demolition of a hut or other building or part thereof shall in no case exceed the value of the hut or other building or part thereof less the value of the materials thereof.

(*2*) When the amount of any compensation has been determined under sub-section (*1*), if any dispute arises as to the apportionment of such compensation, or part thereof, the officer determining the amount of such compensation, shall, in the prescribed manner, refer such dispute to the Court competent to entertain a suit for the ejectment of a tenant of a hut or other building or part thereof in respect of which such compensation has been awarded and such Court shall decide how the said apportionment is to be made

(*3*) In every reference under sub-section (*2*) the costs shall be at the discretion of the Court

Acquisition of land for purposes of this Act

12. (*1*) The Provincial Government may, at the request of a local authority authorised by the Provincial Government to execute an approved scheme in any slum area, for the purpose of enabling the said local authority to effect any improvements under such scheme, acquire any land in such area under the provisions of the Land Acquisition Act, 1894. [I of 1894.]

(*2*) On the payment by such local authority of the compensation awarded under the Land Acquisition Act, 1894, and of any other charges incurred in acquiring such land, including the cost, if any, incurred by the Provincial Government in any proceeding subsequent to the acquisition concerning enhancement of the award for the land, such land shall vest in the local authority:

Provided that when under sub-section (*1*) of section 14, the task of ensuring the maintenance of improvements made in a slum area under an approved scheme has been directed by notification by the Provincial Government to be taken over by a local authority other than the local authority which executed such scheme, such land shall cease to vest in the local authority which executed such scheme and shall be deemed to be transferred to, and shall vest in, such other local authority with effect from the date of publication of such notification.

Explanation.—In this section "land" has the same meaning as in clause (*a*) of section 3 of the Land Acquisition Act, 1894.

13. (*1*) The provisions of sections 354 and 355 of the Calcutta Municipal Act, 1923, shall apply to streets, passages, bathing arrangements and privy accommodation constructed as improvements under an approved scheme in any slum area situated in Calcutta as if such slum area is a bustee in respect of which a standard plan has been approved under Chapter XXII of the said Act. (*3*) Subject to the provisions of sub-sections (*1*) and (*2*), every improvement made in a slum area in executing an approved scheme in such area shall belong to the owner of the land on which it is made.

14. (*1*) It shall be the duty of the local authority which prepared and executed an approved scheme in a slum area, notwithstanding anything in any law applicable to such local authority, to ensure in accordance with the provisions of section 15 the maintenance in good repair of any improvements made in that area under that scheme:

Provided that the Provincial Government may at any time by notification direct that any other local authority, also having jurisdiction over the said area, shall take over the task of ensuring the said maintenance, and, in such case, it shall cease to be the duty of the local authority which prepared and executed the said scheme and shall become, notwithstanding anything in any law applicable to this other local authority, the duty of this other local authority to ensure according to the provisions of section 15 the said maintenance.

(*2*) In sections 15 and 16 the expression "local authority" means the local authority which has executed an approved scheme in the slum area concerned, and, when the task of ensuring the maintenance in good repair of the improvements made in such area under such scheme is directed under sub-section (*1*) to be taken over by another local authority, it means such other authority.

(*2*) The local authority may at any time cause a notice to be served in the prescribed manner upon any such owner requiring him so to maintain such streets, passages, drains, common bathing arrangements, common privy accommodation, means of lighting, means of water supply or other works.

(*3*) If the local authority is satisfied that any street, passage, bathing arrangements, privy accommodation, means of water supply or other works or part thereof have been damaged in any way by any tenant or tenants in the slum area, the local authority may, by notice in writing served in the prescribed manner, order such tenant or tenants to repair such street, passage, drain, bathing arrangements, privy accommodation, means of water supply or other works or part thereof.

(*4*) If any default is made in complying with any notice issued under sub-section (*2*) or sub-section (*3*) the local authority may itself execute any repair or other work which it considers necessary in such slum area and which under the said notice any such owner, tenant or tenants were ordered to execute.

(*5*) All charges and expenses incurred by the local authority in executing any repair or other work referred to in sub-section (*4*) shall be recoverable as a public demand from the person or persons who defaulted in complying with the notice issued under sub-section (*2*) or sub-section (*3*), as the case may be.

Order.

1. (*1*) This Order may be called the Bengal Gur, Sugar and Sugar Products (Manufacture and Movements) Control Order, 1945.

(*d*) "sugar-cane apparatus" means any machine, appliance or apparatus commonly used for crushing sugar-cane or boiling sugar-cane juice;

(*e*) "sugar factory" means a factory in which or in any part of which any manufacturing process connected with the production of sugar or sugar products or both is being carried on or is ordinarily carried on with the aid of electrical energy or any other form of energy which is mechanically transmitted and is not generated by human or animal agency;

(*f*) "sugar product" means any article manufactured from sugar and containing not less than fifty *per cent.* by weight of sugar;

(*g*) "zone" means any area declared to be a zone for the purposes of this Order under paragraph 3 of this Order.

3. The Director-General may, by notification in the *Official Gazette*, declare any area to be a zone for the purposes of this Order and may in like manner vary, amend or rescind any notification so issued.

4. The Director-General may from time to time specify by notification in the *Official Gazette* a period or periods in each year in respect of each zone during which no *gur* shall be manufactured therein by any person and no sugar or sugar product shall be manufactured except in a sugar factory by any person within such zone.

5. No person shall move, or cause to be moved, any *gur* or sugar-cane, and no person other than a person owning or having charge or control of a sugar factory shall move or cause to be moved any sugar or sugar product from any place within a zone to any place outside such zone by rail, road, river, or in any other manner whatsoever:

6. No person shall at any place within a zone acquire or obtain by purchase, hire or otherwise, except for installation or use in a sugar factory, any sugar-cane apparatus or shall use at any such place any such apparatus otherwise than in a sugar factory, during such period every year as may be specified in this behalf by notification in the *Official Gazette* by the Director-General and no person other than a person owning or having charge or control of a sugar factory shall bring any such apparatus from any place outside a zone to any place within such zone by rail, road or river or in any other manner whatsoever at any time during the period so specified.

Provided that the Director-General may by an order in writing exempt any person from the operation of this paragraph in respect of such apparatus and for such period and subject to such conditions as may be specified in the Order.

7. After an area has been declared to be a zone under paragraph 3 of this Order no person, except a person owning or having charge or control of a sugar factory, shall enter into any contract for the hire of any sugar-cane apparatus for the purpose of using it at any place within such zone for the

crushing of sugar-cane or for the boiling of sugar-cane juice if such contract contains any term which enables the use of such apparatus during any period prior to the 1st day of December 1945 and any such contract if entered into shall be void within the meaning of the Indian Contract Act, 1872, and shall not be enforceable by law and no person shall deliver any such apparatus to any person in terms of any such contract.

8. Any contract entered into, before the declaration under paragraph 3 of any area to be a zone, for the hire of any sugar-cane apparatus for the purpose of using it at any place within such zone otherwise than in a sugar factory for the crushing of sugar-cane, or for the boiling of sugar-cane juice, which contains any term enabling the use of such apparatus during any period after such declaration, but before the 1st day of December 1945, shall—

(*b*) in the case where the delivery of such apparatus has been made in accordance with the terms of such contract before such declaration, unless the contract is by the consent of the parties thereto revised otherwise so as not to contravene the provisions of this Order, be deemed to have been revised as if for the period between such declaration and the 30th day of November 1945, during which such apparatus cannot be used by reason of the operation of the provisions of this Order, a like period commencing on the 1st day of December 1945 or on the date of termination of the period of hire mentioned in such contract, whichever is later, had been substituted and the contract shall be enforceable in this revised form and not otherwise.

9. In every sugar factory situated within a zone the crushing of sugar-cane and the production of sugar shall, unless such sugar factory is expressly exempted from the provisions of this paragraph by order in writing of the Director-General, be commenced on or before such date in each year as may be specified in this behalf by the Director-General by notification in the *Official Gazette*.

10. If the owner or person in charge or control of a sugar factory refuses or omits to purchase sugar-cane from any person growing such sugar-cane within the zone within which such sugar factory is situated, the Director-General [illegible], on application made to him in that behalf [illegible] such person, and after making such inquiry [illegible] any, as he may deem necessary, by order [illegible] direct the owner or person in charge [illegible] of such sugar factory to purchase [illegible] applicant or his agent such quantity [illegible] sugar-cane [illegible] such place and by such date as may be specified in the order and thereupon such owner or person in charge or control of the sugar factory shall comply with such Order.

(*c*) seize or authorise any person to seize any *gur*, sugar-cane, sugar or sugar product or any sugar-cane apparatus in respect of which he has reason to believe that a contravention of this Order has been committed.

12. If any person contravenes the provisions of this Order, then, without prejudice to any other punishment to which he may be liable, any Court trying the contravention shall order that any *gur*, sugar-cane, sugar or sugar product, or any sugar-cane apparatus, together with packages and coverings thereof, in respect of which the Court is satisfied that the contravention has been committed shall be forfeited to His Majesty, unless for reasons to be recorded in writing the Court is of opinion that the order should not be made in respect of the whole, or as the case may be, a part of the property.

DEPARTMENT OF COMMERCE, LABOUR AND INDUSTRIES

Commerce

NOTIFICATION.

No. 4370Com.—8th October 1945.—The following Report of the Board of Conciliation appointed by the Government of Bengal under section 6 of the Trade Disputes Act, 1929, to investigate into and promote a settlement of certain trade disputes between the Calcutta Tramways Co., Ltd., and their workers represented by the Calcutta Tramway Workers' Union is published for general information:—

Report.

1. The Calcutta Tramway Workers went on strike from the 19th September 1945. After protracted negotiations the strikers agreed to call off the strike on the 28th September 1945 on the understanding that certain main issues are referred to a Conciliation Board under the Chairmanship of a non-official public figure. The Concilation Board was constituted under the Government of Bengal notification No. 4222Com., dated the 2nd October 1945, which runs as follows:

Whereas as certain trade disputes as specified in the Annexure have arisen between the Calcutta Tramways Co., Ltd., and the workers of the said company, as represented by the Calcutta Tramway Workers' Union, and whereas it is expedient that the said disputes should be referred under section 3(*b*) of the Trade Disputes Act, 1929, as amended, to a Board of Conciliation, the Governor of Bengal is pleased, under section 6 of the said Act, to appoint the gentlemen named below to constitute such a Board for investigating the said disputes and promoting a settlement thereof:—

(1) Mr. J. C. Gupta, Bar.-at-Law, M.L.A.—Chairman.
(2) Mr. M. P. Birla of Birla Bros., 8, Royal Exchange Place, Calcutta—Representative of the company.
(3) Mr. A. R. Siddiqui, 9, Clive Street, Calcutta—Representative of the company.
(4) Mr. Bhupesh Chandra Gupta, Bar.-at-Law—Representative of the workers.
(5) Mr. S. K. Acharya, Bar.-at-Law—Representative of the workers.

2. The points referred for conciliation were:—

(1) What classes of employees, if any, in addition to those already eligible in terms of the company's offer, should receive bonus?
(2) Whether the company should reinstate conductor 164, and if so, on what conditions?

(3) Whether the company should reinstate cashier, Ram Kamal Ghosh, and if so, on what conditions?

(4) Whether the disciplinary proceedings against conductor 790 should be withdrawn?

3. The Board is pleased to record that a settlement has been arrived at during the course of the investigation of the points in dispute and the following memorandum of settlement has been unanimously drawn up by the Board for the signature of the parties concerned, as contemplated in section 7(*2*) of the Trade Disputes Act.

Point (*1*) All the workers of the Tramway Co. who were in service on the 31st August 1945 would receive a month's pay as bonus.

Point (*2*) Conductor 164 will be reinstated by the company on the following conditions:—

(*a*) That he will forfeit an equivalent of one month's wages, *i.e.*, his reinstatement will take effect from the 17th December 1944.

(*b*) He will make a request to Mr. Smith for reinstatement and will express his regret for what the company considers to be a breach of discipline.

Point (*3*) The cashier, Ram Kamal Ghosh, will be reinstated, but will not draw his pay for the period from the 19th to 21st June 1945. He will also refund to the company as a condition precedent to his reinstatement the sum paid to him in lieu of notice, of one month's wages and will also return the security deposit to the company.

Point (*4*) To enable the Board to finish its work by the 6th October, the company has agreed to refer the case of conductor 790 to a Court of law and to abide by the result of the trial. If conductor 790 is acquitted, then he shall be reinstated from the date of suspension.

4. The Board appreciates the spirit of conciliation shown by both parties to the dispute. The Board hopes that this conciliatory spirit will usher a new era in the relationship between the company and its employees.

5. The Board appreciates the attitude of the company in making this concession as regards bonus to the workers irrespective of length of service, but wishes it to be clearly understood that this concession should not be considered as a precedent and the bonus is not to form part of its employees remuneration.

6. The company has intimated that owing to intervention of the wage period, payment of the bonus may not be effected until the 1?th of October 1945, and that also will impose additional strain upon the staff concerned. The Board desired the company to arrange as early a payment as possible owing the nearness of the Pujahs.

Jessore - Faridpur - Dacca - Tippera - Noakhali.—No. 20011L.A.—10th November 1945.—Whereas it appears to the Governor that land in the districts of Jessore, Faridpur, Dacca, Tippera and Noakhali is likely to be needed for public purposes, viz., for the construction of a road from Calcutta to Chittagong, notice is hereby given to all whom it may concern that in excercise of the powers conferred by section 4 of the Land Acquisition Act, I of 1894, the Governor has authorised the engineers of the Works and Buildings Department for the time being engaged on this undertaking to enter upon and survey land, and do all other acts required for the proper execution of their work as provided for or specified in the said section.

The general route to be taken for the survey will be from the eastern bank of the river Bhairab on the crossing made by the Jessore-Narail Road and along this road up to the common border line of the villages Sultanpur and Hamidpur where it leaves the road and proceeding further straight meets it again at its junction with Taraganj-Salikha Road. From this point the alignment runs true north-east, passes through the villages Alaipur, Pukhuria, Dakshin Lakshmipur, Paikpara, Sadulyapur and running across the Taraganj-Salikha Road towards the northern extremity of the village Indra meets the road again Panchbaria about ¾ mile south of Salikha. At Salikha the alignment bears further west and crossing the river Chitra 2 miles west of the ferry-point on the Salikha-Nahata Road. Running straight for about 3½ miles the alignment bears west and

running due west crosses the river Fatki about 400 feet north of the crossing on the Salikha-Nahata Road. At the boundary of the police-station Salikha the alignment turns slightly north after crossing the Salikha-Nahata Road and running through the villages South Simulia and Gangarampur for about 2 miles it turns further north and running through the village Bhangara and across the river Nabaganga ½ mile south of the ferry-point, it crosses the Benodepur-Singia Road ¼ mile south of its junction with the Salikha-Nahata Road. About 2,000 feet up the alignment turns further north, crosses the Nahata-Dhobaghata Road about ¼ mile up, and proceeding ¾ mile more in this direction, the alignment turns east in the village Jhagardia, and then running through the villages Fulbari, Ganganandapur, Baruria, Gopalpur meets the Nahata-Dhobaghata Road again at Mahammadpur. Here the alignment bears slightly to the east and runs almost along the Nahata-Dhobaghata Road using the existing crossing over the river Madhumati. About ¾ mile from the river bank, the alignment bears further to the east and runs almost along the existing road crossing the river Barasia at the Jessore border in Kandakul.

Entering the district of Faridpur, the alignment crosses the Bengal and Assam Railway at railway station Ghoshpur and running along the Faridpur-Gobindapur for about 1½ mile, it bears slightly to east at Mahisala and proceeding for 4 miles parallel to the existing road, it passes through the villages Dasturdia and Manohardia and meets the junction of the Madhukhali Road and the Faridpur-Gobindapur Road, where it turns north-west and reaching Paramanandapur after 2 miles. At this point the alignment bears almost north and reaches the northern boundary of the village Sadardi about ¼ mile east of the river Chandana where it turns north-west again and proceeds up to the heart of the village Dhammasi. Here the alignment bears slightly to the north and runs straight to a point a little up the junction of the Rajbari-Kaidanga Road and the Banibaha-Baharpur Road where it keeps to the Rajbari-Kaidanga Road for about 2 miles at the end of which it leaves the existing road and passing through the villages Rainagar, Bhabanipur crosses the Bengal and Assam Railway very close to the railway station Rajbari and continuing in the same direction further for a little over ¼ mile, the alignment turns right to the east and running almost parallel to the railway and through the villages Agmarai, Mohanpur meet the Lakshmikul-Panchuria Road about ¼ mile north of the railway station Panchuria. It then bears a little to the north and runs for 2¼ miles to enter the village Daulatdia immediately after which the alignment turns south-east to run as far as Goalunda Ghat railway station.

The link between the districts Faridpur and Dacca will be established by a power ferry operating between the Goalunda Ghat steamer station in Faridpur and Aricha in Dacca. From Aricha to the village Nihanda the alignment follows the Dacca-Goalundo Road and then turning a little towards the south, it leaves the road and runs straight up to the village Bara Dhulandi. From this point it runs due east to meet the district board road again in the village Bara Joka. At Bara Joka the alignment turns further south and running almost parallel to the district board road meets it again near the north-eastern tip of the village Rathora where it follows the district board road across the river old Dhaleswari and up to a point in Singair 1½ mile west of the steamer station, where the alignment leaves the existing road to continue in its original direction across a *fyord* (Khari) and within ½ mile east of it in the village Kahadia. There it turns slightly north and meets the Dacca-Goalundo Road again about ¾ mile east of the steamer station. From this point the alignment runs due east to reach the steamer station in the village Dhalla following the existing road for about 2 miles. Crossing the river Dhaleswari over to the village Nagarchar the alignment bears slightly south and proceeds across the river Turag to meet the existing district board road at Mirpur. Leaving the district board road at Mirpur, the alignment continues in its old direction for about 2 miles from the river Turag to turn almost due south at Baraka for the municipal limit of the Dacca town at Nutan Paltanerline following very nearly the existing district board road. In continuation of the Dacca-Goalundo Road, the alignment will continue along a municipal road through the town up to Lalbagh where it turns south-east and following the existing municipal road goes up to Sutrapur.

Then the alignment will commence from south of the town Comilla and will follow the Goody's Tank Road and then the Chittagong Trunk Road from Comilla to Chauddagram up to Durgapur east where leaving the road it will turn south-east, and passing through Barpara and Dhaniswar meet the Chittagong Trunk Road north of east Ballavpur. The alignment will then generally follow the existing road up to Manikpur, whence leaving the road and continuing in its direction, it will meet the road again at Babuchi. From Babuchi the alignment will follow the existing road up to Chauddagram. From Chaudagram the alignment will follow the Chittagong Trunk Road up to the end of Batisa where it leaves the road and proceeding straight meets the road south of Nankara Kismat whence it follows the existing road for about 1¼ mile and leaving the road north of Dinatali it will continue in its old direction and meet the road again south of Atkora. From Atkora the alignment will follow the existing road passing through the village Duttasar at the border of the district Tippera up to the ferry at Char Kalidas on the southern border of the district of Noakhali.

The general width of the route to be taken for the survey will be one mile on either side of the centre-line as indicated above except for the length between Nutan Paltaner line and Sutrapur in the district of Dacca where the width will be two miles on either side of the alignment.

GOVERNMENT OF BENGAL.

Legislative Department.

NOTIFICATION.

No. 1431L.—15th November, 1945.—The following statement of the reasons which have moved the Governor of Bengal to enact the Murshidabad Act, 1945, in exercise of the powers assumed to himself by the Proclamation, dated the 31st day of March, 1945, issued under section 93 of the Government of India Act, 1935, is published for general information:—

Statement.

1. Under section 5 of the Murshidabad Act, 1891, all property belonging to the Murshidabad Estate must descend and be enjoyed for ever by the Nawab Bahadur of Murshidabad for the time being. The succession to the titles of the Nawab Bahadur of Murshidabad and Amir-ul-Omrah is governed by the custom of primogeniture. The daughters of the Nawab Bahadur and his younger sons have, therefore, no right to the Estate properties. The last Ministry in Bengal was satisfied that immediate legislation was necessary to provide for the maintenance of the daughters and younger sons of a deceased Nawab Bahadur and their children consistent with their family dignity. Accordingly, the Murshidabad Bill, 1944, was introduced in the Bengal Legislative Assembly and passed by it. The Bill was also passed by the Bengal Legislative Council with certain minor amendments, but no further progress could be made with it owing to the intervention of the Proclamation issued by the Governor under section 93 of the Government of India Act, 1935. The issue of the Proclamation has not affected the necessity for or urgency of the measure.

2. The object of the Murshidabad Act, 1945, is the same as the object of the aforesaid Bill and the operative provisions of the said Act are identical in form and substance with the parallel provisions of the said Bill as passed by the Bengal Legislative Council.

By order of the Governor,
E. B. H. BAKER,
Secy. to the Govt. of Bengal.

Draft by-laws.

1. Model by-laws under clause (a) of section 375 of the Bengal Municipal Act, 1932, for the regulation of conduct of business in places used for the purposes mentioned in clauses (i), (ii) and (v) of sub-section (1) of section 370.

1. The licensee shall connect all drains in the place licensed under section 370 intended for the discharge of foul water with a municipal sewer, and the licensee shall not allow any foul water or refuse matter from such place to be discharged into a river, or channel, or any other reservoir of water intended for bathing, drinking or any other domestic purpose.

2. Where there is no sewer, the licensee shall collect the waste water from a place licensed under section 370 in properly constructed cesspools. Such cesspools shall be periodically cleansed or treated by the licensee in such a way as to render them inoffensive by activated sludge process or the contents thereof shall be otherwise disposed of in such manner as may be required by the Sanitary Inspector, Health Officer, or Chairman.

3. The licensee shall arrange for sufficient supply of water for cleansing the place licensed under section 370.

4. The licensee shall not cause or suffer any skin or hide which by reason of decomposition has become useless for the purpose of leather dressing, to be kept for a longer time than may be necessary in any part of the place licensed under section 370.

5. The licensee shall, at the close of every working day, cause every floor or pavement in the place licensed under section 370 to be thoroughly swept and washed. He shall, at the same time, cause all filth or refuse deposited on the floor or pavement of such place to be collected in suitable vessels or receptacles furnished with closely fitting covers and to be forthwith removed therein from the place.

6. The licensee shall cause the supply of water in every tank or other receptacle used upon the place licensed under section 370 for the washing or soaking of any skin or hide and not being a liming pit to be renewed as often as may be necessary to prevent the emission of noxious or injurious effluvia from the contents of the tank or other receptacles.

He shall cause every such tank or other receptacle to be furnished with a suitable cover and to be kept covered unless it is required to be kept open.

He shall cause every part of the tank or other receptacle, when emptied, to be thoroughly cleansed and shall cause all filth which has been removed therefrom to be forthwith conveyed from the place licensed under section 370 in suitable vessels or receptacles furnished with closely fitting covers, for disposal in a manner approved by the Commissioners.

7. The licensee shall cause all waste lime which has been taken out of any pit upon the place licensed under section 370 to be forthwith deposited in suitable vessels or receptacles or in a properly

constructed cart or carriage which, when filled or loaded, shall be covered in such a manner as to prevent the emission of noxious or injurious effluvia from the contents thereof, and shall with all reasonable despatch be removed from the said place for deposit in a place fixed by the Commissioners for disposal in a manner approved by the Commissioners.

8. The licensee shall cause every beam, table, bench, knife, hammer or other implement or apparatus used upon the place licensed under section 370 for the purpose of unhairing, fleshing breaking, scraping, rounding, scudding or stocking any hide, butt or pelt or in any other process of his trade, to be cleansed from time to time as often as may be necessary to prevent any accumulation of filth upon the beam, table, bench, knife, hammer, implement, or apparatus.

9. The licensee shall cause all filth which has been splashed upon any part of the internal surface of any wall of any building upon the place licensed under section 370 to be removed by scraping or by some other effectual means of cleansing at least twice in every year, that is to say, at least once during each of the periods between the first and twenty-first day of March and the first and twenty-first day of September. He shall at the same time cause every part of the internal surface above the floor or pavement of the building to be thoroughly washed with hot limewash.

Provided (*i*) that the foregoing requirements as to limewashing shall not apply to any part of the internal surface of any building which is painted or covered with impervious material and may be otherwise properly cleansed and (*ii*) that this by-law shall not apply to any part of any such building which is used only for the storage of dry leather.

10. The licensee shall cause any part of the internal surface of the walls of any building and every floor or pavement upon the place licensed under section 370 to be kept at all times in good order and repair so as to prevent the absorption therein of any liquid filth or refuse or any noxious or injurious matter which may be splashed or may fall or be deposited thereon.

11. The licensee shall cause every part of the interior and exterior of every tub or other vessel or receptacle used upon the place licensed under section 730 to hold a solution of the material known as "puer" to be thoroughly cleansed by scrubbing or by some other effectual means once at least in every week.

RESOLUTION No. 2469M.

Calcutta, the 10th October 1945.

The situation created by the maladministration of the Garden Reach Municipality in the district of the 24-Parganas has been under the notice of Government for a considerable time. The municipality was inspected several times by local officers who reported that the work of its collection and assessment departments was extremely unsatisfactory and that its conservancy arrangements were deplorable. The Municipal Commissioners were warned in January 1945 that if they did not show marked improvement both as regards sanitary and conservancy arrangements immediately and as regards collection by the 31st March 1945, action would be taken under the Public Health Ordinance. In spite of this warning, the Municipal Commissioners have failed to make any improvement in the affairs of the municipality.

2. The Commissioners of the municipality have reduced the rates of the municipality from the level prevailing before the municipality was separated from the Calcutta Corporation, and the rates, now imposed are the lowest among the big industrial area municipalities. The Commissioners, by passing a resolution on the 20th January 1945 postponing the question of increasing the rates, have shown their unwillingness to increase the rates to a figure sufficient to meet the increased costs of municipal services.

3. The Commissioners were to devote Rs. 1¼ lakhs out of the annual contribution of Rs. 2½ lakhs from the Calcutta Corporation, to works of improvement but they have not fully utilised the money available for the purpose to improve the municipality, and inspection of the municipality by a local officer on the 26th May 1944 revealed that Rs. 51,000 has actually been diverted to the general fund in dereliction of statutory duty.

4. Inspection reports of the local officers show that the sanitary condition of the municipality is shocking, and that the conservancy arrangements are quite inadequate. Even with large sums of money available for permanent improvement since 1935 on account of the annual contribution by the Calcutta Corporation the Municipal Commissioners have not been able to put the drainage system in order, though they had the opportunity of doing so long before the outbreak of the war.

5. They have also defaulted in paying for the water supplies by the Calcutta Corporation.

6. The collection of rates by the Commissioners of the municipality has been extremely unsatisfactory. The statement below shows the state of collection for the last five years:—

Year.	Demand.			Collection.			
	Arrear.	Current.	Total.	Arrear.	Current.	Total.	Balance.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
1940-41	1,16,682	1,97,983	3,14,665	55,288	1,36,687	1,91,975	1,22,690
1941-42	96,183	2,29,623	3,25,786	46,574	1,38,023	1,84,597	1,41,189
1942-43	1,23,485	2,29,262	3,52,747	53,509	1,54,023	2,07,532	1,45,215
1943-44	1,21,510	2,29,956	3,51,466	62,735	1,31,688	1,94,423	1,57,046
1944-45	1,25,451	2,12,917	3,38,368	79,198	1,50,064	2,29,262	1,09,106

There has been a slight improvement in the collection in 1944-45, but that is due to constant pressure by the local officers of Government.

7. After a very careful consideration of the whole matter Government has come to the conclusion that the Commissioners of the Garden Reach Municipality have shown their incompetency to perform and have persistently made default in the performance of the duties imposed on them by or under the Bengal Municipal Act, 1932. In exercise of the power conferred by section 553 of the said Act, Government accordingly declares the Commissioners of the Garden Reach Municipality to be incompetent and in default and to supersede the said Commissioners for a period of two years with effect from the 1st November 1945.

8. Ordered that the resolution be published in the *Calcutta Gazette*.

By order of the Governor,

J. L. LLEWELLYN, Secy.

DEPARTMENT OF AGRICULTURE, BENGAL.

Calcutta, the 10th August 1945.

First Forecast of the Cotton Crops of Bengal for 1945-46.

(*Note.*—On an average of five years ending 1943-44, the area under cotton in Bengal to which this forecast relates, has represented some 0·3 per cent. and that in the Bengal State some 0·1 per cent. of the total area under cotton in India).

There are two varieties of cotton, early and late. The early crop is chiefly grown in Chittagong Hill-tracts and in the Tripura State and to a small extent in other districts. The late crop is grown in small areas in Bankura, Midnapore and Mymensingh.

Character of the season.—The weather condition and its effect on the growth of the crop have been favourable and the present condition of the crop is fairly good.

Area sown.—The total area sown this year under early cotton is reported to be 117,310 acres as against 107,128 acres and 107,028 acres respectively in the corresponding and the final forecasts of last year. No area has so far been sown with the late variety this year. The area under this variety was 60 acres last year as reported in the final forecast of that year. The increase in area this year as compared with that of last year is due to high prices of cotton and favourable weather conditions at sowing time.

Director of Agriculture, Bengal.
